PROFESSIONAL SUMMARY

Final-year Computer Science and Engineering student graduating in 2027, with hands-on experience developing and deploying web applications through academic projects and internships. Skilled in HTML, CSS, JavaScript, Python, and MongoDB, with project experience in data handling and building responsive, user-friendly interfaces. Seeking an entry-level opportunity to apply my technical skills while continuously learning and growing professionally.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering
The Kavery Engineering College | 2023 – Present | CGPA: 8.13/10

Higher Secondary Certificate (HSC)
Government Higher Secondary School | 2023 | 79%

SKILLS

Technical Skills: HTML, CSS, JavaScript, Python, MongoDB
Tools: VS Code, PyCharm, Git, GitHub, Vercel, Figma, Render
Soft Skills: Communication, Problem-Solving, Team Collaboration, Time Management, Adaptability, Quick Learning, Attention to Detail, Analytical Thinking, Leadership, Decision Making

PROJECTS

Movie Ticket Booking System
Technologies Used: HTML, CSS, JavaScript

- Built a movie ticket booking system with registration, login, seat selection, and booking.
- Designed a responsive, user-friendly interface for a smooth booking experience.
- Added JavaScript validation to improve usability and data accuracy.

Restaurant Food Order System
Technologies Used: HTML, CSS, JavaScript, Python, MongoDB

- Built a restaurant food ordering system for browsing items and placing orders.
- Implemented menu management, order placement, and order tracking features.
- Integrated Python and MongoDB for efficient customer and order data management.

INTERNSHIP EXPERIENCE

Python Programming Intern - NoviTech R&D Private Limited | 2025

- Applied Python programming concepts through hands-on development, focusing on data handling, problem-solving, and writing efficient programs.
- Worked with databases and debugging techniques to develop, test, and improve Python-based applications.

MERN Stack Intern - Aalan Tech Soft | 2025 - 2026

- Completed an internship in MERN stack development (MongoDB, Express.js, React, Node.js), building full-stack web skills.
- Collaborated effectively as part of a team, recognized as sincere, hardworking, and result-oriented throughout the internship.

Cyber Security Intern - Thinkinfo Expert Solutions | 2026

- Learned core Cyber Security concepts and gained the ability to apply them to practical, real-world scenarios during the training period.
- Built technical understanding through guided exercises, developing analytical problem-solving skills and staying open to emerging tools and technologies.
